Name of Offeror or Contractor:

SECTION A - SUPPLEMENTAL INFORMATION

EXECUTIVE SUMMARY

- The purpose of this procurement is to award a three year firm fixed price, indefinite delivery, indefinite quantity contract for the upgrade of the Fuel Injection Test Stand (FITS) Bacharach Model A8020. The minimum guaranteed quantity is 37 each (10 OCONUS and 27 CONUS). The solicitation is 100% Small Business Set-Aside. This minimum quantity will be obligated at the time of contract award. All other quantities are estimates only and do not bind the government in any way.
- A full explanation of the submission requirements are contained in Section L and the evaluation criteria are in Section M of this solicitation. The Government will award a contract resulting from this solicitation to the responsible offeror whose's offer conforms to the solicitation that will be the most advantageous to the Government, price and other factors considered. There are three evaluation factors: 1) Technical (Go/NoGo), 2) Performance Risk, and 3) Price. Intitial proposals and evaluation will be for the Technical factor only. Offerors receiving a "GO" under this factor will be allowed to submit proposals for the remaining factors, including price. The remaining factors will be evaluated using trade-off techniques where by the Government reserves the right to make an award to someone other than the low offeror. All evaluation factors other than cost or price, when combined, are significantly more important than cost or price. Technical is significantly more important than Performance Risk. Performance Risk is approximately equal to cost or price. Award will be made to the successful offeror who has demonstrated that they have the most advantageous proposal to the Government.
- In addition to the technical written proposal, offerors' will be allowed to submit a product demonstration. The product demonstration will supplement the written technical proposal, not replace it. The product demonstration may be presented at the Rock Island Arsenal not later than three weeks after the closing date of the solicitation. A full explanation of the submission requirement is contained in Sections L and M of this solicitation.
- Approximately fifteen (15) days after issuance of this solicitation a one day pre-proposal conference will be scheduled to address any questions and view a Bacharach model A8020 FITS (including a chiller) and the Commercial Asset Visibility(CAV) II record keeping at Rock Island Arsenal.
- This solicitation includes two Descriptions for Purchase (DFP):

The first, DFP-390, contains the requirements for upgrading those units whose final destination is located within the Continental United States (CONUS). On these units only the FITS portion of the system will require upgrading.

The second, DFP-390-1, contains the requirements for upgrading those units whose final destination is located outside the Continental United States (OCONUS). On these units the FITS and the Chiller will be upgraded.
- Price proposals includes four (4) price lines: First Article, FITS only (CONUS), FITS & Chiller (OCONUS), and CAV II. Prices for each line and for each ordering period must be submitted to be acceptable. Prices are to be filled in on Attachment 001 of this solicitation, not in Section B.
- First Article will be conducted on the FITS & Chiller IAW DFP-390-1 (OCONUS). The First Article Test Report (FATR) is due 150 days after contract award (CLIN 0001). The Government Approval/Disapproval will be provided to the contractor no more than 30 days after receipt of the First Article Test Report.
- The Government Furnished FITS (2 each) will be delivered to the Awardee 45 days after award to perform First Article testing.
- The Government will issue all delivery orders unilaterally with firm delivery dates. The first ordering period includes the requirement for the first article, and shall be exercised with the first delivery order. Thirty days after first article approval the Government will begin delivering Government Furnished FITS to the Awardee at a rate of five (5 each) per month. Ninety days from receipt of the Government Furnished FITs the contractor will begin delivering upgraded FITS at a rate of 5 each per month. In the case of subsequent delivery orders, the contractor shall deliver upgraded FITS ninety days from receipt of the Government Firnished FITS.
- This solicitation is FOB Destination. The following sites are provided as the MOST PROBABLE locations for delivery, however, the U.S. Government reserves the right to change the location two weeks prior to actual shipmant at no cost to the U.S. Government:

OCONUS:	Germany	(6 each)	Korea	(4 each)
CONUS:	Ft Lewis, WA	(6 each)	Ft Stewart, GA	(3 each)
	Ft Carson, CO	(3 each)	Ft Polk, LA	(2 each)
	Ft Hood, TX	(3 each)	Ft Drum, NY	(2 each)
	Ft Bragg, NC	(3 each)	Ft Riley, KS	(2 each)
	Ft Campbell, KY	(3 each)		
- The successful offeror will be required to implement the Government's Commercial Asset Visiability (CAV II) program. This is a program for the shipping and tracking of Army assets to a contractor's facility.

A-1	HQ, DA	NOTICE TO OFFERORS - USE OF CLASS I OZONE-DEPLETING SUBSTANCES
		JUL/1993
(a) In accordance with Section 326 of P.L. 102-484, the Government is prohibited from awarding any contract which includes a specification or standard that requires the use of a Class I ozone-depleting substance (ODS) identified in Section 602(a) of the Clean Air Act, 42 U.S.C. 7671a(a), or that can be met only through the use of such a substance unless such use has been approved, on an individual basis, by a senior acquisition official who determines that there is no suitable substitute available.		
(b) To comply with this statute, the Government has conducted a best efforts screening of the specifications and standards associated with this acquisition to determine whether they contain any ODS requirements. To the extent that ODS requirements were revealed by this review they are identified in Section C with the disposition determined in each case.		
(c) If offerors possess any special knowledge about any other ODSs required directly or indirectly at any level of contract performance, the U.S. Army would appreciate if such information was surfaced to the Contracting Officer for appropriate action. To preclude delay to the procurement, offerors should provide any information in accordance with FAR 52.214-6 or 52.215-14 as soon as possible after release of the solicitation and prior to the submission of offers to the extent practicable. It should be understood that there is no obligation on offerors to comply with this request and that no compensation can be provided for doing so.

A-3 52.215-4503 NOTICE TO OFFERORS - ELECTRONIC BID/OFFER RESPONSE REQUIRED APR/1999
TACOM-RI

1. In accordance with Management Reform Memorandum (MRM) #2 from the Department of Defense (DoD), all Services are required to eliminate paper from their acquisition process by January 1, 2000 (see information at <http://www.acq.osd.mil/pcipt/>). In order to meet the DoD goal, TACOM has established an interim goal of "paperless" acquisition by 1 June 1999.

2. In response to these mandates, TACOM-RI has established the capability to receive bids, proposals, and quotes electronically. A hotlink from the TACOM-RI Solicitation Page has been activated to fully automate the response process (see <http://aais.ria.army.mil/aais/SOLINFO/index.htm>).

3. IMPORTANT: Bids/proposals/quotes in response to this solicitation are REQUIRED to be submitted in electronic format. Hard copy bids/offers/quotes WILL NOT BE ACCEPTED.

A-4 52.233-4503 AMC-LEVEL PROTEST PROGRAM JUN/1998
TACOM-RI

(OCTOBER 1996)

If you have complaints about this procurement, it is preferable that you first attempt to resolve those concerns with the responsible contracting officer. However, you can also protest to Headquarters, AMC. The HQ, AMC-Level Protest Program is intended to encourage interested parties to seek resolution of their concerns within AMC as an Alternative Dispute Resolution forum, rather than filing a protest with General Accounting Office or other external forum. Contract award or performance is suspended during the protest to the same extent, and within the same time periods, as if filed at the GAO. The AMC protest decision goal is to resolve protests within 20 working days from filing. To be timely, protests must be filed within the periods specified in FAR 33.103. Send protests (other than protests to the contracting officer) to:

HQ Army Materiel Command
Office of Command Counsel
ATTN: AMCCC-PL

E-5	52.246-4528	REWORK AND REPAIR OF NONCONFORMING MATERIAL	MAY/1994
	TACOM-RI		

- a. Rework and Repair are defined as follows:
 - (1) Rework - The reprocessing of nonconforming material to make it conform completely to the drawings, specifications or contract requirements.
 - (2) Repair - The reprocessing of nonconforming material in accordance with approved written procedures and operations to reduce, but not completely eliminate, the nonconformance. The purpose of repair is to bring nonconforming material into a usable condition. Repair is distinguished from rework in that the item after repair still does not completely conform to all of the applicable drawings, specifications or contract requirements.
- b. Rework procedures along with the associated inspection procedures shall be documented by the Contractor and submitted to the Government Quality Assurance Representative (QAR) for review prior to implementation. Rework procedures are subject to the QAR's disapproval.
- c. Repair procedures shall be documented by the Contractor and submitted on a Request for Deviation/Waiver, to the Contracting Officer for review and written approval prior to implementation.
- d. Whenever the Contractor submits a repair or rework procedure for Government review, the submission shall also include a description of the cause for the nonconformances and a description of the action taken or to be taken to prevent recurrence.
- e. The rework or repair procedure shall also contain a provision for reinspection which will take precedence over the Technical Data Package requirements and shall, in addition, provide the Government assurance that the reworked or repaired items have met reprocessing requirements.

E-6	52.246-4540	CONTRACTOR PERFORMANCE CERTIFICATION PROGRAM (CP) 2-2000	APR/2001
	TACOM-RI		

- a. The (CP)2-2000 program is a voluntary program open to all contractors. The program is a unified effort between the Government and the Contractor to confirm the development, use and continuous improvement of quality operations. Implementation and continuous improvement are measured and documented through independent audits and follow on reporting. For more information on the (CP)2-2000 program, please contact the Contracting Officer.

b. The Government will not delay processing of this solicitation to afford any offeror additional time to complete the (CP)2-2000 certification process.

c. You may provide the following information relative to (CP)2-2000 certification:

(1)____NOT CERTIFIED

(2)____CERTIFIED

(i)____DATE OF CERTIFICATION

(ii)____CERTIFYING ACTIVITY

d. For Contractor facilities currently certified under the (CP)2-2000 program, the following shall apply:

(1) Provided the process is in a state of statistical control and the minimum process performance index of 1.33 is met, the Contractor may eliminate acceptance inspections and acceptance testing for unlisted, minor, and major characteristics and parameters by providing written notice to the Contracting Officer and providing a copy furnished to the Administrative Contracting Officer. The provisions of the Alternatives to Lot Acceptance Sampling (including Statistical Process Control (SPC)) clause of this contract still apply for reduction or elimination of acceptance inspection or acceptance testing for characteristics and parameters identified as critical level I or Critical Level II or "special."

(2) Design approvals for acceptance equipment and test equipment will be waived for unlisted, minor and major characteristics and parameters by providing written notice to the Contracting Officer. The provisions of the "Acceptance Inspection Equipment (AIE)" clause of this contract still apply for acceptance equipment and test equipment design approvals utilized for "critical Level I or Critical Level II" or "special" characteristics or parameters.

(3) First Article Test Requirements shall be waived by the Contracting Officer when supplies identical or similar to those called for in the schedule have been previously furnished by the Contractor and have been accepted by the Government.

e. The Government reserves the right to rescind, at no increase in contract price, the rights and benefits granted to the Contractor under this clause if the Contractor's quality performance deteriorates from the level specified within the (CP)2-2000 agreement between the Government and the Contractor.

Name of Offeror or Contractor:

- (1) Any order for a single item in excess of 30;
- (2) Any order for a combination of items in excess of 30; or
- (3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in subparagraph (1) or (2) above.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) above.

(d) Notwithstanding paragraphs (b) and (c) above, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 15 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. I-70 52.216-22 INDEFINITE QUANTITY OCT/1995

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum". The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum".

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after 31 DEC 04.

I-71 52.203-6 RESTRICTIONS ON SUBCONTRACTOR SALES TO THE GOVERNMENT JUL/1995

(a) Except as provided in (b) below, the Contractor shall not enter into any agreement with an actual or prospective subcontractor, nor otherwise act in any manner, which has or may have the effect of restricting sales by such subcontractors directly to the Government of any item or process (including computer software) made or furnished by the subcontractor under this contract or under any follow-on production contract.

(b) The prohibition in (a) above does not preclude the Contractor from asserting rights that are otherwise authorized by law or regulation.

(c) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c), in all subcontracts under this contract which exceed \$100,000.

(1) Providing or attempting to provide or offering to provide any kickback;

(2) Soliciting, accepting, or attempting to accept any kickback; or

(3) Including, directly or indirectly, the amount of any kickback in the contract price charged by a prime Contractor to the United States or in the contract price charged by a subcontractor to a prime Contractor or higher tier subcontractor.

(c)(1) The Contractor shall have in place and follow reasonable procedures designed to prevent and detect possible violations described in paragraph (b) of this clause in its own operations and direct business relationships.

(2) When the Contractor has reasonable grounds to believe that a violation described in paragraph (b) of this clause may have occurred, the Contractor shall promptly report in writing the possible violation. Such reports shall be made to the inspector general of the contracting agency, the head of the contracting agency if the agency does not have an inspector general, or the Department of Justice.

(3) The Contractor shall cooperate fully with any Federal agency investigating a possible violation described in paragraph (b) of this clause.

(4) The Contracting Officer may (i) offset the amount of the kickback against any monies owed by the United States under the prime contract and/or (ii) direct that Prime Contractor withhold from sums owed a subcontractor under the prime contract the amount of the kickback. The Contracting Officer may order that monies withheld under subdivision (c)(4)(ii) of this clause be paid over to the Government unless the Government has already offset those monies under subdivision (c)(4)(i) of this clause. In either case, the Prime Contractor shall notify the Contracting Officer when the monies are withheld.

(5) The Contractor agrees to incorporate the substance of this clause, including subparagraph (c)(5) but excepting subparagraph (c)(1), in all subcontracts under this contract which exceed \$100,000.

I-73 52.209-3 FIRST ARTICLE APPROVAL-CONTRACTOR TESTING, ALTERNATE I AND ALTERNATE II JAN/1997

(a) The Contractor shall test * unit(s) of Lot/Item * as specified in this contract. At least fifteen (15) calendar days before the beginning of first article tests, the Contractor shall notify the Contracting Officer, in writing, of the time and location of the testing so that the Government may witness the tests.

(b) The Contractor shall submit the first article test report within ** calendar days from the date of this contract to * marked 'FIRST ARTICLE TEST REPORT: Contract No.____,Lot/Item No.____.' Within thirty (30) calendar days after the Government receives the test report, the Contracting Officer shall notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval shall state any further action required of the Contractor. A notice of disapproval shall cite reasons for the disapproval.

(c) If the first article is disapproved, the Contractor, upon Government request, shall repeat any or all first article tests. After each request for additional tests, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall then conduct the tests and deliver another report to the Government under the terms and conditions and within the time specified by the Government. The Government shall take action on this report within the time specified in paragraph (b) above. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule, or for any additional costs to the Government related to these tests.

(d) If the Contractor fails to deliver any first article report on time, or the Contracting Officer disapproves any first article, the Contractor shall be deemed to have failed to make delivery within the meaning of the Default clause of this contract.

(e) Unless otherwise provided in the contract, and if the approved first article is not consumed or destroyed in testing, the Contractor may deliver the approved first article as part of the contract quantity if it meets all contract requirements for acceptance.

(f) If the Government does not act within the time specified in paragraph (b) or (c) above, the Contracting Officer shall, upon timely written request from the Contractor, equitably adjust under the Changes clause of this contract the delivery or performance dates and/or the contract price, and any other contractual term affected by the delay.

(g) Before first article approval, the Contracting Officer may, by written authorization, authorize the Contractor to acquire specific materials or components or to commence production to the extent essential to meet the delivery schedules. Until first article approval is granted, only costs for the first article and costs incurred under this authorization are allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government. If first article tests reveal deviations from contract requirements, the Contractor shall, at the location designated by the Government, make the required changes or replace all items produced under this contract at no change in the contract price.

(h) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the Offeror/Contractor and have been accepted by the Government. The Offeror/Contractor may request a waiver.

(i) The Contractor shall produce both the first article and the production quantity at the same facility.

I-76 52.245-2 GOVERNMENT PROPERTY (FIXED-PRICE CONTRACTS) (91-DEV-44) (AL 93-10) DEC/1989

a. Government-furnished property. (1) The Government shall deliver to the Contractor, for use in connection with and under the terms of this contract, the Government-furnished property described in the Schedule or specifications together with any related data and information that the Contractor may request and is reasonably required for the intended use of the property (hereinafter referred to as "Government-furnished property").

(2) The delivery or performance dates for this contract are based upon the expectation that Government-furnished property suitable for use (except for property furnished "as is" will be delivered to the Contractor at the times stated in the Schedule or, if not so stated, in sufficient time to enable the Contractor to meet the contract's delivery or performance dates.

(3) If Government-furnished property is received by the Contractor in a condition not suitable for the intended use, the Contractor shall, upon receipt of it, notify the Contracting Officer, detailing the facts, and, as directed by the Contracting Officer and at Government expense, either repair, modify, return, or otherwise dispose of the property. After completing the directed action and upon written request of the Contractor, the Contracting Officer shall make an equitable adjustment as provided in paragraph (h) of this clause.

(4) If Government-furnished property is not delivered to the Contractor by the required time, the Contracting Officer shall, upon the Contractor's timely written request, make a determination of the delay, if any, caused the Contractor and shall make an equitable adjustment in accordance with paragraph (h) of this clause.

b. Changes in Government-furnished property. (1) The Contracting Officer may, by written notice, (i) decrease the Government-furnished property provided or to be provided under this contract, or (ii) substitute other Government-furnished property for the property to be provided by the Government, or to be acquired by the Contractor for the Government, under this contract. The Contractor shall promptly take such action as the Contracting Officer may direct regarding the removal, shipment, or disposal of the property covered by such notice.

(2) Upon the Contractor's written request, the Contracting Officer shall make an equitable adjustment to the contract in

accordance with paragraph (h) of this clause, if the Government has agreed in the Schedule to make the property available for performing this contract and there is any-

- (i) Decrease or substitution in this property pursuant to subparagraph (b)(1) above; or
- (ii) Withdrawal of authority to use this property, if provided under any other contract or lease.

c. Title in Government property. (1) The Government shall retain title to all Government-furnished property.

(2) All Government-furnished property and all property acquired by the Contractor, title to which vests in the Government under this paragraph (collectively referred to as "Government property"), are subject to the provisions of this clause. Title to Government property shall not be affected by its incorporation into or attachment to any property not owned by the Government, nor shall Government property become a fixture or lose its identity as personal property by being attached to any real property.

(3) Title to each item of facilities and special test equipment acquired by the Contractor for the Government under this contract shall pass to and vest in the Government when its use in performing this contract commences or when the Government has paid for it, whichever is earlier, whether or not title previously vested in the Government.

(4) If this contract contains a provision directing the Contractor to purchase material for which the Government will reimburse the Contractor as a direct item of cost under this contract -

- (i) Title to material purchased from a vendor shall pass to and vest in the Government upon the vendor's delivery of such material; and
- (ii) Title to all other material shall pass to and vest in the Government upon -
 - (A) Issuance of the material for use in contract performance;
 - (B) Commencement of processing of the material or its use in contract performance; or
 - (C) Reimbursement of the cost of the material by the Government, whichever occurs first.

d. Use of Government property. The Government property shall be used only for performing this contract, unless otherwise provided in this contract or approved by the Contracting Officer.

e. Property administration. (1) The Contractor shall be responsible and accountable for all Government property provided under this contract and shall comply with Federal Acquisition Regulation (FAR) Subpart 45.5, as in effect on the date of this contract.

(2) The Contractor shall establish and maintain a program for the use, maintenance, repair, protection, and preservation of Government property in accordance with sound industrial practice and the applicable provisions of Subpart 45.5 of the FAR.

(3) If damage occurs to Government property, the risk of which has been assumed by the Government under this contract, the Government shall replace the items or the Contractor shall make such repairs as the Government directs. However, if the Contractor cannot effect such repairs within the time required, the Contractor shall dispose of the property as directed by the Contracting Officer. When any property for which the Government is responsible is replaced or repaired, the Contracting Officer shall make an equitable adjustment in accordance with paragraph (h) of this clause.

(4) The Contractor represents that the contract price does not include any amount for repairs or replacement for which the Government is responsible. Repair or replacement of property for which the Contractor is responsible shall be accomplished by the Contractor at its own expense.

f. Access. The Government and all its designees shall have access at all reasonable times to the premises in which any Government property is located for the purpose of inspecting the Government property.

g. Risk of loss. Unless otherwise provided in this contract, the Contractor assume the risk of, and shall be responsible for, any loss or destruction of, or damage to, Government property upon its delivery to the Contractor or upon passage of title to the Government under paragraph (c) of this clause. However, the Contractor is not responsible for reasonable wear and tear to Government property or for Government property properly consumed in performing this contract.

h. Equitable adjustment. When this clause specifies an equitable adjustment, it shall be made to any affected contract provision in accordance with the procedures of the Change clause. When appropriate, the Contracting Officer may initiate an equitable adjustment in favor of the Government. The right to an equitable adjustment shall be the Contractor's exclusive remedy. The Government shall not be liable to suit for breach of contract for -

- (1) Any delay in delivery of Government-furnished property;
- (2) Delivery of Government-furnished property in a condition not suitable for its intended use;

(4) Failure to repair or replace Government property for which the Government is responsible.

i. Final accounting and disposition of Government property. Upon completing this contract, or at such earlier dates as may be fixed by the Contracting Officer, the Contractor shall submit, in a form acceptable to the Contracting Officer, inventory schedules covering all items of Government property (including any resulting scrap) not consumed in performing this contract or delivered to the Government. The Contractor shall prepare for shipment, deliver f.o.b. origin, or dispose of the Government property as may be directed or authorized by the Contracting Officer. The net proceeds of any such disposal shall be credited to the contract price or shall be paid to the Government as the Contracting Officer directs.

j. Abandonment and restoration of Contractor's premises. Unless otherwise provided herein, the Government -

(1) May abandon any Government property in place, at which time all obligations of the Government regarding such abandoned property shall cease; and

(2) Has no obligation to restore or rehabilitate the Contractor's premises under any circumstances (e.g., abandonment, disposition upon completion of need, or upon contract completion). However, if the Government-furnished property (listed in the Schedule or specifications) is withdrawn or is unsuitable for the intended use, or if other Government property is substituted, then the equitable adjustment under paragraph (h) of this clause may properly include restoration or rehabilitation costs.

k. Communications. All communications under this clause shall be in writing.

l. Overseas contracts. If this contract is to be performed outside of the United States of America, its territories, or possessions, the words "Government" and "Government-furnished" (wherever they appear in this clause) shall be construed as "United States Government" and "United States Government-furnished," respectively.

This certification concerns a matter within the jurisdiction of an agency of the United States and the making of a false, fictitious or fraudulent certification may render the subject to prosecution under section 1001 title 18 United States Code.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

L-6 52.215-4511 ELECTRONIC AWARD NOTICE APR/1999
TACOM-RI

a. Any contract awarded as result of this solicitation will be posted to the Internet for downloading and paper copies will not be distributed. This is a material condition of the solicitation and by submission of a bid or proposal, the vendor agrees to accept an electronic award transmitted in the manner described above.

b. Notice of award to the awardee will be issued only via electronic mail. Venders who wish to be notified if they receive an award as a result of this solicitation must provide their electronic mail address in the space provided below. If the vendor fails to provide an electronic mail address, then a separate notice of award will not be provided and it shall be the sole responsibility of the vendor to periodically check the Internet to determine if he/she has received an award. In this event, the vendor's failure to check the Internet and download a copy of the award in a timely manner shall not be an excuse for failure to perform or grounds for a delivery schedule extension.

c. Notice of award to unsuccessful offerors shall be issued only via the Commerce Business Daily, the Internet and electronic mail. Vendors who wish to receive an electronic mail notice if they are unsuccessful must provide an electronic mail address in the space provided below. If the vendor fails to provide an electronic mail address, then a separate notice will not be provided, and it shall be the sole responsibility of the vendor to periodically check the Commerce Business Daily and/or the internet to determine if an award has been made. L-6 PROPOSAL INSTRUCTIONS:

L.6.1. Offerors must comply with the following instructions. Deviations from the instructions may result in an offer being considered inadequate for evaluation purposes.

L.6.2. It is the responsibility of the offeror to prepare a clear, concise, complete, detailed, and logically organized proposal for

evaluation.

L.6.3. FORMAT:

L.6.4. The solicitation acknowledgement (SF33) and certification shall be submitted in electronic format. Hard copies of these documents will not be accepted.

L.6.5. The technical, Performance Risk, and pricing spreadsheet proposals shall be submitted in hard copy. Please refer to the specific instructions for electronic submission of offers contained elsewhere in Section L of this solicitation.

L.7 SUBMISSION REQUIREMENTS:

L.7.1. The initial submission shall include ONLY the offerors technical proposal, acknowledgement (SF33), and certifications of the solicitation. After this element has been determined acceptable (received a "GO" evaluation), then the offeror will be instructed to submit the information required in accordance with the remaining evaluation factors. NO PRICING INFORMATION, or Performance Risk proposals shall be submitted until after the technical evaluation has been completed.

The basis of award as described in Section M of this solicitation is Best Overall value to the Government. The Government will, however, first conduct a technical "GO/NOGO" evaluation to determine if a proposal meets the basic technical requirements of this solicitation. If a proposal is a "GO" and meets the basic technical requirements of this solicitation then the offeror's past performance, and price proposals shall be evaluated.

L.8 Pre-Solicitation Conference:

L.8.1. Approximately fifteen (15) days after issuance of the solicitation a one day conference will be scheduled to address any questions and view a Bacharach model A8020 FITS at the Rock Island Arsenal. The point of contact for the Pre-Solicitation Conference is Ms. Donna Webb, (309)782-6369.

L.9 TECHNICAL GO/NO Go Evaluation:

L.9.1. Each offeror shall provide the Government a design package showing how they propose to fulfill the Governments requirement to rebuild Bacharach Model A8020 Fuel Injection Pump Test Stands (FITS). The design package shall be based upon the Descriptions for Purchase (DFP) 390 and 390-1, the Technical Material from Technical Manual (TM 9-4910-778-14&P), and the model A8020 FITS located at Rock Island Arsenal, Rock Island, Illinois.

L.9.2 In addition to the written proposal, a product demonstration will be allowed. The product demonstration will supplement the written technical proposal, not duplicate it. The product demonstration may be presented at Rock Island Arsenal not later than three weeks after the closing date of the solicitation. This product demonstration should allow Government personnel to view any past or current hardware that is the same or similar to the FITS in which you manufactured or performed an upgrade similar to the one described in the Description for Purchase (DFP). Call Donna Webb at (309) 782-6369 within five days after the closing date for receipt of the technical proposal to schedule a product demonstration.

THE TECHNICAL PROPOSAL SHALL CONTAIN AS A MINIMUM THE FOLLOWING:

L.9.3 HARDWARE CHANGES:

- a. Submit drawings or sketches showing the installation scheme for the proposed drive motor system equipment changes, the installation scheme for the computer system components required to upgrade the computer display and control systems, and the related instrumentation (gauges, pressure transducers and switches, temperature transducers and switches, and flow meters, etc.). Any hardware associated with these systems shall be included in the drawings or sketches. Specific frame attachment points and attachment bracket details are not required. Instrumentation panel layouts, either for hardware or computer screen readouts shall be provided.
- b. Submit an equipment list showing the proposed drive motor system equipment, the proposed computer display and control system, and the instrumentation system hardware. The equipment list shall include no less than the proposed model and manufacturer designations for the drive motor, motor drive system hardware, computer monitor, computer power unit, keyboard, and modem. Any other components that are readily identified as required shall also be included in the equipment list. All of the computer related equipment in the list shall be certifiable by the component manufacturer as being "industrial quality", that is, that it has been specifically designed and manufactured for use in workshop areas.

L.9.4 SOFTWARE: Submit diagrams, sketches, schematics, and word descriptions as appropriate to describe the proposed software required to provide the required state-of-the-art, Windows based systems, providing the necessary control and display requirements, self-diagnostic testing, operator controlled FITS systems troubleshooting, operator self-training, and interfaces with personal computer (PC) systems.

L.9.5 OPERATOR SELF-TRAINING SYSTEM: Submit diagrams, sketches, schematics, and word descriptions as appropriate to describe the proposed methods for operator self-training, to minimize contractor visits for training operators and setting up newly delivered Test Stands or the training of operators newly assigned to Test Stands previously set-up and in operation.

L.9.6. SELF DIAGNOSTIC AND PC INTERFACE: Submit diagrams, sketches, schematics, and word descriptions as appropriate to describe the proposed self-diagnostics of electronics systems. An explanation shall be provided to show the interrelationship between the PC interfaces and the self-diagnostic systems showing how contractor help and advice can be provided over internet systems to prevent or forestall excessive contractor site visits for trouble-shooting and system repairs.

L.10 PERFORMANCE RISK: (THIS INFORMATION IS NOT REQUIRED WITH YOUR INITIAL SUBMISSION SEE PARAGRAPH L.7.1)

L.10.1 DEFINITIONS:

a. "Past Performance Information" as used in this solicitation, is relevant information regarding a contractor's actions under previously awarded contracts. The performance information submitted by the offeror and information obtained from internal Government databases, such as, but not limited to the Defense Contract Management Agency MOCAS, Army Past Performance Information System (PPIMS), Department of Defenses Past Performance Automated information Systems (PPAIS), or any other system may be used to assess performance risk. It includes the contractor's record of conforming to specifications and to standards of good workmanship; the contractor's adherence to contract schedules including the administrative aspects of performance; the contractor's history of reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the contractor's business-like concern for the interests of the customer.

b. "Relevant Contracts", as used in this solicitation, are current or past contract references that demonstrates the offeror has successfully designed, modified, and performed test stand/automotive testing machine building and/or rebuilding that inherently uses hydraulic systems, electronic systems, electrical systems, and software and computer technology similar in nature to the scope, complexity, level of the effort and dollar value over \$500,000.00.

c. "Recent Contracts", as used in this solicitation, should be U.S. Government, and/or commercial contracts that the offeror is performing to or delivered during the last three (3) years previous to the date of this solicitation issue date.

d. "Performance Risk", as used in this solicitation, is the risk associated with an offeror's likelihood of success in performing to the requirements of the solicitation as indicated by the offeror's contract references and record of past performance.

L.10.2 Performance Risk Information Submission:

1. Successful Contract References: The offeror shall include contract references as part of their proposal submission on recent and relevant contracts as defined above. The number of submissions should be no more than five (5) recent and relevant contracts and should include the following information:

- a. Contracting Activity and address
- b. Government and/or Commercial Contract number and award date
- c. Point of Contact (including name, job title, phone number, and e:mail address if applicable)
 - Procuring Contracting Officer
 - Administrative Contracting Officer
 - Quality Assurance Representative
 - Job Title (if submitting non-government contract references)
- d. Item procured, including NSN/description/PN
- e. Contract Value
- f. Delivery schedule/performance: For any contract which did not/does not meet original schedule, or technical performance requirements, provide a brief explanation of the reason(s) for the shortcoming and any corrective actions taken to avoid recurrence. List each time the delivery schedule was revised and provide an explanation of why the revision was necessary. Also provide a copy of any cure notice or show cause letters received on each contract listed and a description of any corrective actions taken.
- g. Include all quality problems encountered in performance of the contract and, if applicable, address demonstrated corrective actions implemented as a result of the problem encountered. Also, if applicable, identify any significant achievements associated with contract performance.
- h. Include all technical innovations and engineering changes that improved the quality of performance aspects of the delivered product.

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAE20-00-R-0261 MOD/AMD	Page 38 of 41
Name of Offeror or Contractor:		

i. A detailed succinct explanation of the relevance of the contract to this solicitation effort.

2. Unsuccessful Contract References: In addition to the successful contract references, the offeror shall identify recent contract(s) in which you were either the prime or the subcontractor that may have been terminated, or cancelled for any reason, in whole or in part. If there were no cancellations or terminations, please state that.

3. Subcontractor Performance References: If the offeror intends to subcontract any major production process element or all of the requirements of the solicitation, the offeror shall identify the proposed subcontractor(s) and shall provide contract reference information. The offeror shall include subcontractor(s) contract reference information as part of the proposal submission to allow the Government to perform an evaluation of the subcontractor's capabilities and ability to perform the required tasks. In addition, the offerors shall include in their proposal the written consent of their proposed subcontractor(s) allowing the Government to discuss the subcontractor's past performance evaluation with the offeror during negotiation. If the offeror intends to subcontract any or all of the requirements of the solicitation, the number of subcontractor submissions should be no more than five (5) recent and relevant contracts.

4. In addition to the data you provide, we may use data gathered from other sources to evaluate past performance. We may not interview all the sources you provide, it is incumbent upon each offeror to explain all the data they provide. We do not assume the duty to search for data to cure problems we find in proposals. The burden of providing thorough and complete performance risk information remains with the offeror. We may reject a proposal if it does not contain the information required above.

L.11 PRICE: (THIS INFORMATION IS NOT REQUIRED WITH YOUR INITIAL SUBMISSION, SEE PARAGRAPH L.7.1)

All offerors are cautioned to provide firm fixed unit prices, including First Article (FA) test price and CAV II price, for all quantity ranges and ordering periods for all CLINs as shown on the Price Evaluation Spreadsheet (attachment 001). If you fail to submit prices for all quantity ranges and ordering periods, your proposal may be considered unacceptable.

M-1	52.215-4507 TACOM-RI	EVALUATION OF OFFERS	MAR/1988

An offeror must quote on all items in this solicitation to be eligible for award. All items will be awarded only as a unit. Evaluation of offers will be based, among other factors, upon the total price quoted for all items.

(End of Provision)

(MS7100)

SECTION M: BASIS FOR AWARD

M.2 The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforms to the solicitation that will be the most advantageous to the Government, price and other factors considered. There are three evaluation elements: 1) Technical (Go/NoGo), 2) Performance Risk, and 3) Price. Initial proposals and evaluation will be for the Technical factor only. Offerors receiving a "GO" under this factor will be allowed to submit proposals for the remaining factors, including price. The remaining factors will be evaluated using trade-off techniques where by the Government reserves the right to make an award to someone other than the low offeror. All evaluation factors other than cost or price, when combined, are significantly more important than cost or price. Technical is significantly more important than performance Risk. Performance Risk is approximately equal to cost or price. Award will be made to the successful offeror who has demonstrated that they have the most advantageous proposal to the Government.

M.3 TECHNICAL: The technical factor will be evaluated on a "GO/NO GO" basis based upon the information provided in response to Section L of this solicitation. In order to receive a "GO" evaluation the offeror must show that they meet the requirements of the Description for Purchase (DFP) for all of the following sub-elements:

- a. Hardware Changes: The submission will be evaluated to determine whether or not the proposed design would be able to test fuel injection pumps in accordance with the DFP requirements.
- b. Software: The submission will be evaluated to determine the ability of the software to meet the DFP requirements. The submission will also be evaluated to determine if state-of-the-art software is proposed.
- c. Operator Self-Training System: The submission will be evaluated to determine the ability of the offered system to adequately train operators in accordance with the DFP.
- d. Self diagnostic and PC Interface: The submission will be evaluated to determine the ability of the offered system to provide trouble shooting and fault finding within the test stand operating systems. The interface between Personal Computers and the diagnostic system will be evaluated to determine the ability of the system to comply with the DFP requirements.

The product demonstration is optional. A decision not to conduct a product demonstration will not result in a "NO GO" rating, nor effect the offeror's overall evaluation.

If you choose to conduct a product demonstration, the results of the product demonstration will be taken into account in the overall technical evaluation. Areas that will be considered during the demonstration are the same as the sub-factors listed above.

The following ratings will be used to evaluate the technical factor:

GO: The offerors submittal demonstrates that all DFP requirements will be met.

NO GO: The offerors submittal does not demonstrate that all DFP requirements will be met or that the submitted data does not address all aspects of Section "L.9" or both.

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAE20-00-R-0261 MOD/AMD	Page 40 of 41
Name of Offeror or Contractor:		

M.4 PERFORMANCE RISK:

a. The Government will develop a Performance Risk Rating Assessment based on the relevancy and quality of the offeror's past performance information (defined in Section L) as it relates to the probability of successful accomplishment of the required effort. Performance risks are those associated with an offeror's likelihood of successfully performing the solicitation's requirements as evaluated and determined through the review of the offeror's record of Past Performance. Consideration will be given to the degree to which the offeror has demonstrated the various aspects of performance described in the solicitation on relevant contracts, including quality issues and delivery schedule conformance (within the past three years). A significant achievement, problem/problem resolution, or lack of relevant data in any element of the work can become an important consideration in the selection process. A negative finding in any element may result in an overall high-risk rating. Therefore, offerors are reminded to include the most recent relevant past efforts and all necessary information, including current POCs and telephone numbers, as well as any corrective actions in their proposal.

b. The Government may consider past performance information regarding predecessor companies, key personnel, or subcontractors where such information is relevant to this acquisition.

c. In evaluating performance risk, the Government will review the offeror's record of delivery performance and quality, including the administrative aspects of performance; the contractor's history of reasonable and cooperative behavior; and commitment to customer satisfaction. General trends in adherence to delivery schedules, quality issues, and extensions (if any) and corrective actions will also be evaluated. The level of performance risk will be evaluated in context to the importance of past performance to the overall solicitation effort. A single evaluation rating covering all past performance information will be assigned using the following adjectival-narrative rating criteria as shown below.

Very Low Risk: Based on the offeror's performance record, very little doubt exists that the offeror can successfully perform the required effort.

Low Risk: Based on the offeror's performance record, little doubt exists that the offeror can successfully perform the required effort.

Moderate Risk: Based on the offeror's performance record, some doubt exists that the offeror can successfully perform the required effort.

High Risk: Based on the offeror's performance record, significant doubt exists that the offeror can successfully perform the required effort.

Very High Risk: Based on the offeror's performance record, very significant doubt exists that the offeror can successfully perform the required effort.

Neutral: A level of risk could not be determined and is unknown. No relevant performance record was identified or located.

In conducting the past performance risk evaluation, the Government may use relevant data and information extrinsic to the proposal which is otherwise available to the Government. Since the Government may not necessarily interview all sources provided by offerors, it is incumbent upon the offeror to describe the relevance of the data obtained from other sources, the burden of providing thorough and complete past performance information rests with the offerors.

M.5 PRICE:

a. The Government will evaluate offers based on the prices proposed for the FITS (CLINs 0001 (FATR), 0002 (CONUS), and 0003 (OCONUS), 0004 (CAVII)) for all ordering periods and any other price related factors required by the solicitation. If an offeror takes exception to any of the ordering periods, the Government may reject that offer as unacceptable.

b. The Estimated Quantity represents a realistic estimated total quantity that the Government expects to order within each ordering period. This estimate is not a representation to an offeror that the estimated quantity will be required or ordered, other than the Minimum Guaranteed Quantity, or that those conditions affecting requirements will be stable or normal.

c. For the purpose of evaluation, the evaluated price of CLIN 0002 and 0003 will be calculated by multiplying the proposed unit price by the assigned weight for each quantity range within each ordering period. The assigned weight represents the likelihood that an order will be placed within that range. These weighted prices are totaled to obtain a weighted average unit price, which is then multiplied by the estimated quantity. The evaluated price for each ordering period will be the sum of the FAT (CLIN 0001), the weighted average unit price for CONUS (CLIN 0002) and OCONUS (CLIN 0003), and CAV II (CLIN 0004). The total evaluated price is the sum of the evaluated prices for each ordering period.

d. Any proposal that is unrealistically high or low in price will be deemed indicative of a failure to comprehend the Government's requirement and may be rejected for such a reason.
